## June A Release

### What will Agents experience?

#### Multi-contact Updates

There are times when it is super convenient to be able to update selected contacts at the same time. It might be moving people into or out of a group or it might be that you want to add a comment or change a status for all. No matter what it is, our goal is to help you do it faster and be more efficient.

### Edit Records

Choose the fields you wish to change on the 4 selected Contact records

<input type="checkbox"/> <b>Group Membership</b>	Add to Groups:	<input type="checkbox"/> 6 Months Organized Serious <input type="checkbox"/> 90 Days Pre Approved Motivated <input type="checkbox"/> Business Contacts Networking
<input type="checkbox"/> <b>Company</b>	Change all to:	Company
<input type="checkbox"/> <b>Status</b>	Change all to:	Sold
<input type="checkbox"/> <b>History Note</b>	Add to all:	Note

#### Blogging gets better:

- Now sharing your blog is even easier. Not only do you have a one button link for Facebook, but now you and your clients can click an icon to share the post via email.
- When you add an image to your blog you can instantly opt to pull an image straight from your computer.
